CHINA HAS AGREED TO CONCEDE JAPS MANY PRIVILEGES

Associated Press

TOKIO, May 7.—It has just been officially announced here that Japan has sent an ultimatum to the Chinese government concerning the Japanese demands.

It is understood that the ultimatum demands the unconditional acceptance on the part of China of the Japanese demands by six o'clock next Sunday evening.

Associated Press

PEKING, (Friday) May 7.—The Japanese legation has informed the Chinese foreign office that Japan is unable to accept the concessions offered Thursday and will present an ultimatum before three this afternoon (Friday) unless all twenty-four demands are accepted without qualification.

China has agreed to grant the Japanese the right to work their mines in South Manchuria and Eastern Mongolia; that all disputes between the Japanese in Manchuria shall be under Japanese direction; that schools and hospitals may lease land from the Chinese thereby reserving land ownership; to grant a concession to Japan to build the Nan-Chang-Chao Chow railway if Great Britain consents to the release of China from the negotiations begun concerning this railroad two years ago. The Japanese claim they requested the concession for this railroad in 1907.

By Associated Press

LONDON, May 6.—A Reuter's dispatch from Tokio says that Emperor Yoshihito gave his sanction to the ultimatum to China. Reuter's Peking correspondent says it is believed the Chinese cabinet in event of the presentation of an ultimatum, will yield to her major force.

By Associated Press

WASHINGTON, May 6.—No official confirmation of Japan's sending of an ultimatum to China has been received here. In a statement tonight Bryan reiterated that America would adhere to the open door policy and maintain its integrity with China. He said there had been no abatement by the United States of its interest in the welfare and progress of China and that the sole interest of this country will be that the negotiations between China and Japan conclude satisfactorily for both nations and thus contribute to the "peace of the world."

By Associated Press

PEKING, (Friday) May 7.—The Japanese legation continued their efforts yesterday to persuade the Chinese government to concede Japanese demands without the necessity of serving the ultimatum which was received here early yesterday. The secretary of the Japanese legation informed the Chinese foreign minister that the ultimatum would be presented unless the twenty-four demands were conceded before seven o'clock Thursday evening.

China replied by replying that she would grant Japan everything asked for in Shantung Province which had been previously granted Germany by treaty and several other demands.

This was unsatisfactory to Japan.

By Associated Press

WASHINGTON, May 6.—Secretary Bryan says the United States has no thought of surrendering its treaty rights with China. This is in some parts taken to mean the United States will not remain entirely passive in the settlement of the Japan-China question.
